Nature's beauty and power is ingrained in our culture. At the Bateman Foundation, we inspire a lasting relationship with nature through the lens of art via our three core areas: **youth initiatives**, **eco-literacy**, and **leadership & mentorship**. We create programs and exhibits to inspire a generation of people to have a respect for nature.

One of the Foundation's main projects is the Robert Bateman Centre, showcasing over 80 works of Robert Bateman spanning his seven decades as one of Canada's premier artists. Located in Victoria, the Centre houses a gallery and gift shop, and hosts a rotation of exhibits and a full schedule of programs.

Our programming is unique and diverse. Through the NatureSketch Club, kids learn to notice and appreciate nature by sketching on outings to natural areas led by both an artist and a naturalist. After a successful launch in Victoria, we hope to expand this program nationally. Our well-received educational programs are linked to

the BC curriculum and not only introduce children to the artwork of Robert Bateman, but educators use this iconic Canadian artwork to teach about our natural world. This year, we are expanding the school programs to include a complimentary outdoor experience. We will also be developing a student leadership award to recognize outstanding school-aged artists. Our public programs for people of all ages include lectures, classes, documentary screening, and outdoor experiences.

"Being a serious artist and naturalist from the age of twelve, I have no doubt in my mind that the world would be a better place if ... everybody knew about nature, appreciated it, loved it, and felt about it in their heart."

Robert Bateman -

Join our growing community. As a corporate member, you will play an important role in promoting the value of the foundation and our activities. Not only will you help us to deliver a full calendar of exhibits, programming, and education, but your voice will join with others to create a strong backbone of support creating leverage with the foundations, corporations, and governments who share our love and passion for the natural world. By supporting our work, your organization will have a great new tool to reward employees, draw attention to your business, and thank your best customers.
